

Reilly Poulsen

Mechanical Engineering Student | FSAE Powertrain Lead | CAD - Manufacturing - Testing
Fullerton, CA | (951) 295-9754 | reilly.poulsen12@gmail.com

Education

CAL STATE UNIVERSITY - Fullerton

Bachelor of Science in Mechanical Engineering

Aug 2023 - May 2027 (Expected)

Engineering Experience:

Formula SAE - Powertrain Lead

Aug, 2025 - Present

- Lead powertrain design activities and coordinate subsystem integration with cross-functional teams.
- Design mechanical components and assemblies in SolidWorks.
- Generate engineering drawings for manufacturing and assembly.
- Prototype, manufacture, test, and validate powertrain components.
- Close collaboration with chassis and electrical teams on vehicle integration.

ETC Throttle Body Housing

FSAE Project | Oct, 2025

- Designed a manufacturable mounting solution using DFM principles.
- Improved packaging and throttle response through iterative testing and design.
- Produced a manufacturable mounting solution for Formula SAE integration.

Chassis Packaging

FSAE Project | March, 2026

- Designed 3D-printed linkages for chassis packaging validation.
- Manufactured and integrated mounting hardware for chassis validation.
- Verified fitment and alignment during vehicle assembly.

Mechanical Experience:

2008 Ninja 650r Rebuild

Personal Project | July, 2024 - Present

- Diagnosed and restored a non-running motorcycle.
- Repaired fuel, ignition, braking, and drivetrain systems.
- Performed maintenance, troubleshooting, and functional testing.
- Conducted functional testing and road verification after repairs

Technical Skills:

- **CAD:** SolidWorks • AutoCAD • Technical Drawings • GD&T
- **Engineering:** Machine Design • DFM • Static Loads • Heat Transfer • GD&T
- **Manufacturing:** 3D Printing • Waterjet • Mechanical Assembly
- **Shop:** Calipers • Micrometers • Hand & Power Tools

Work Experience:

Part time Job - After's Ice Cream

Shift lead | Feb, 2024 - Present

- Managed operations and customer service in a fast-paced team environment
- Maintained professional communication while serving high customer volumes

Portfolio
